

The background of the slide is a vibrant blue with a complex, marbled texture. The pattern consists of swirling, organic shapes in various shades of blue, from light sky blue to deep navy blue, creating a sense of movement and depth. The overall effect is reminiscent of water ripples or marbled paper.

Jeremiah 2:13

“My people have committed two sins: They have *forsaken me*,  
the spring of living water,  
And have *dug their own cisterns*,  
broken cisterns that cannot hold water.”

A matter of heart:

Who is your source?

- self-serve or  
serve God

1. Forsake God
2. Dig your own cisterns (that leak)

Give up everything – go after nothing.

Psalm 107: Four ways to dig your own well :

1. Self-guided life (wandering in arid desert)
2. Rebellion – despised God’s word (sitting in dark prison)
3. Sinful living – (became starving fools)
4. Self-sufficient wayfarers– (reeling, lost in the stormy sea)

The one way that God restores:

1. Cry out to the Lord
  - He delivers/saves/heals/guides
  - “He turned the desert into pools of water and the parched ground into flowing springs; there he brought the hungry to live and they founded a city where they could settle.”
